

## **AMENDMENTS TO THE SPECIFICATION**

Please replace the paragraph starting on page 5, line 1 with the following paragraph:

The disposable cleaning head, which is described in detail in U.S. Patent No. 7,127,768, generally includes at least one cleaning substrate that includes a cleaning composition and a substantially flexible fitment (or cap) that facilitates bending and rotation of the cleaning head relative to the handle without the necessity of a mechanical joint. The noted application is expressly incorporated in its entirety by reference herein.

Please replace the paragraph starting on page 5, line 16 with the following paragraph:

Further details of the tool assembly 10 are set forth in Co-pending Published Patent Application No. 20050066465, entitled "Cleaning Tool Assembly with a Disposable Cleaning Implement," filed September 30, 2003.
